A LUXURY MOTORCOACH RESORT

WHERE TIME MOVES DIFFERENTLY

Freedom also means moving at your own rhythm— between traditions, landscapes, and stories that remind you how beautiful slow living can be.

EXPLORE AMISH HERITAGE

GEAUGA COUNTY is home to the 4th largest Amish community in the United States. Wind your way to Middlefield for these points of interest.

Middlefield Original Cheese Co-op.

A unique family-owned general store that has been around since 1840. The shop offers unique gadgets, antiques and treats such as penny candy and fry pies.

Middlefield Cheese Co-op. Watch cheese being made Monday through Friday before noon. Pass by Trumbull Locker on your way where you can grab some of the best beef jerky and smokies in the area.

Yoder Furniture. Beautiful furniture made to order. Items available for purchase in store.

White House Chocolate. Look for the one-room schoolhouses on the way. Candy is made in the red building behind the house – be sure to take a peek. This store also sells ice cream.

Mary Yoder's Amish Kitchen. Enjoy lunch or dinner. Shop the store and make sure you visit the bakery. The breads, pies and cinnamon rolls are delicious.

Rothenbuhler's Cheese Chalet. The Chalet offers a variety of gourmet cheeses, meats, maple syrup, jams, pancake mixes & more. Try their award-winning Swiss cheese.

Sunrise Farms. The farm has a market, gift shop, and greenhouse. Open year-round offering seasonal plants and produce.

Check hours of operation before heading to your destination. Amish owned businesses do not operate on Sundays. Take a cooler with you in case you purchase goodies along the way.

THE NORTH THAT TASTES LIKE ADVENTURE

From the lake breeze to the wineries, from quiet Coffee shops to sunsets on the pier—every step invites you to live freely, beautifully, and at your pace.

ASHTABULA COUNTY is considered the covered bridge Capital of Ohio. The county is home to 19 of these unique and historic structures waiting for you to explore. Here are a few of our favorites:

West Liberty Covered Bridge. This is the shortest Covered Bridge in the United States spanning only 18ft. The bridge was modularly constructed by students on the campus of the Ashtabula County Joint Vocational School.

Harpersfield Covered Bridge. Built in 1868, this is the second longest covered bridge in the state of Ohio. A flood in 1913 washed soil

away from the north end of the bridge and changed the river channel. The steel bridge was then attached.

Mechanicsville Covered Bridge. Believed to be the oldest of the county's covered bridges, this bridge was renovated and opened to traffic in the fall of 2003. This is the longest single span covered bridge in Ashtabula County.

Doyle Covered Bridge. This bridge is a 94 ft. long town lattice bridge built in 1868. Doyle spans Mill Creek. Mill Creek is a tributary of the Grand River.

Smolen Gulf Covered Bridge. The longest covered bridge in the United States spanning 613 ft. long and stands 93 ft. above the Ashtabula River. Engineering and structural design by John Smolen (former County Engineer) and architectural design by Timothy Martin (current County Engineer) the bridge was dedicated August 26, 2008.

Riverview Covered Bridge. This bridge is 150' long and 14' wide, making it one of the county's larger bridges, yet it carries only pedestrian traffic. Riverview, dedicated in 2016, provides exercise trails and a place to enjoy the beautiful river scenery.

COMFORT THAT ALLOWS YOU TO LIVE FREELY
